CLEVER COMPANY IS AT PALACE THEATER

Lew Orth's "Jubilee Girls" Make a Hit with "The Tango Tea."

Lew Orth's "Jubilee Girls" Company is making a big hit with Palace patrons and it is playing to three large audiences daily. "The Tango Tea," which is now being presented, is pronounced by all to be splendid. It is entirely different from any tabloid production that has ever played in this city, and that fact alone makes it well worth seeing. Eleven persons compose the company, seven girls and four men, and each has something to do and does it well. A bevy of pretty singing and dancing girls is carried. They are all pretty and their songs and dances make quite an impression on the patrons of the popular playhouse. There will be a change of program

Lillian Gish.

tomorrow afternoon and the second bill presented by this talented company is on an entirely different character from the first but promises to be equally good. For Wednesday and Thursday the bill presented will be "Aladdin from Broadway" with special scenery.

To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is its physical care. To keep the face clean, fresh, youthful, there is nothing better than common mercurized wax. It absorbs the soiled or faded worn-out skin particles. Cosmetics simply add unwholesomeness to the complexion. That's the difference. By all means, acquire the mercurized wax habit. It's so easy to get an ounce of the wax at the drugist's, apply it at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluringly youthful, rose-like under skin is fully in view—well, you won't want, or need, a make-up complexion after that. It must be apparent that this process means complete ridance of all cutaneous blemishes, like freckles, pimples, blotches and blackheads. For obstinate wrinkles, a face bath made by dissolving an ounce of salicic acid in a half pint of witch hazel, surmounts massage cream and everything else for results.

Opera is Wonderful on the

AEOLIAN VOCALION

Take a record from Tristan and Isolde. Play it some evening for your music-loving friends.

With the first notes of the orchestra you will notice a new tone to the music. You are hearing real music for the first time from a phonograph.

Stand at the far end of the room and see how each note of the intricate melody reaches you perfectly.

Step up and take the Graduala in your hand. Soften the tone a little—a simple move of your hand will do it. Then increase the tone until it brings out the full force of those magnificent high notes.

That's what we mean when we say you can play the Aeolian-Vocalion. This is a pleasure that you have never had with the old mechanical,

unchangeable phonograph. But you can never appreciate how beautiful the Aeolian-Vocalion sounds until you actually hear it. A half hour's demonstration will be a revelation to you.

Come in and let us play for you your favorite selections. You can play the instrument yourself if you wish. No obligation will be incurred by a visit.

"TANGO TEA"
Wednesday and Thursday
"ALADDIN FROM BROADWAY"
Friday and Saturday
"THE POLITICIAN"

"Skirts and Cinders," written by Rex Taylor and directed by Edwin McKim, was released by the Lubin Film Company. As the star of a burlesque troupe, Davy Don falls heir to a greater swarm of tribulations than ordinarily may be compressed into one act. His able assistants include Patsy De Forest, Florence Williams, Francis Joyner and George Egan.

The feature attraction at the Robinson Grand today is a five act Metro wonderplay, "The Kiss of Hate." Ethel Barrymore is the star supported by Cooper Cliffe. It is a powerful story of romance, full of heart throbs and thrills. Miss Barrymore is one of the greatest actresses and her success in pictures has been even more pronounced than her stage career. "The Kiss of Hate" affords her the opportunity of displaying all her dramatic ability and brings to the surface little touches of sentiment and pathos that so far has been concealed in this wonderful woman's make-up. The added attraction is the latest Pathe-News.

Tomorrow, the beautiful Pauline Frederick will be the star in "Audrey."

J. G. Hawks, of the Thomas H. Ince staff of authors, is steadily reaching a degree of prolificness that should place him somewhere near the level of C. Gardner Sullivan, in that respect. Within the last ten days he has turned out the working manuscript of two distinct Triangle-Kay Bee plays. One is a modern vagabond story designed for Charles Ray, while the other is a Mexican border romance intended for Enid Markey and William Desmond.

The Odeon has one of the best vaudeville shows on for the first three days of this week that it has had this season.

The Russell Sisters have a character change act that is exceptionally good. Both possess beautiful voices and sing a number of late songs successes.

The Delongs present an acrobatic

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that overtaken people have to bear. If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe, and reliable way, without starvation diet or tireless exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of Koralin capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal. Oil of Koralin is absolutely harmless, is pleasant to take, and helps digestion. Even a few days treatment has been reported to show a noticeable reduction in weight, foot-steps become lighter, your work seems easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

London has 78,500 miles of overhead telegraph and telephone wires and 921,000 miles underground.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "How Cardui Relieves Women," in plain wrapper. R.C. 1384

act that is exceedingly novel and clear. They perform very difficult feats and win generous applause.

H. Cooper Cliffe has been engaged for the role of Long John Silver in "Treasure Island" by Charles Hopkins, producer of the play.

"Sold for Marriage" with Lillian Gish taking the leading role, is being shown at the Bijou today, and is well presented by that talented artist. The scenes represent the snowbound Russia and are very impressive. It is a picture that will please all theatergoers.

The comedy, "The Other Man," with Roscoe Arbuckle, relieves the impression left by the drama. It is unusually good. For Wednesday and Thursday the Bijou will present Frank Keenan and Dorothy Boland in "The Stepping Stone." The management says with all due candor that this picture is one of the best it has presented. The Bijou manager saw this picture run off on his recent visit to New York and immediately bought it for the Bijou.

The comedy will be well taken care of by Fred Mace with "Bucking Society," a two part Keystone production.

Tyrone Power and Marie Walcamp are co-starred in a masterful screen presentation, "John Needham's Double," at the Orpheum theater today.

The story concerns itself with a man of dual personality and this part gives Mr. Power an exceptional opportunity for forceful acting.

Tomorrow, a Red Feather photoplay, "Dr. Neighbor," featuring Hobart Bosworth will be the special offering at the Orpheum.

The company of "Robinson Crusoe, Jr.," lately sent 500 musical instruments to the French and English soldiers in the trenches.

OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

In the Weir sand development on Blue creek, Elk district, Kanawha county, the South Penn Oil Company's No. nine on the W. A. McCorkle farm is the nearest approach to a gusher in many weeks. The first twenty-four hours after the well was drilled into the pay, it placed 245 barrels to its credit. This is a very creditable showing, but that district cannot be commended. The location is 800 feet southeast of No. 5 and inside of defined territory.

On Jen's run Union district, Pleasant county, Schlager & Ford completed and shot their No. 36 on the J. A. Weir farm in the Keener sand. It will not make better than a three-barrel pumper. On D. L. Hole run, Grant district, Ritchie county, the C. L. Brown Oil Company drilled No. 8 on the Rutherford Brothers' farm in the salt sand and developed a fair gas pressure and it is spraying some oil.

Frank Noy & Company drilled their test on the G. R. Toemer farm located on Dotson run, Central district, Doddridge county, through all sands and found them barren. On Sugar creek, Union district, Pleasant county, McMullin and Company's second test on the R. A. Gorrell heirs' farm is holding up at 20 barrels a day in the Keener sand.

Testing Taylor County Well, On Lost run, Booths Creek district, Taylor county, the Pittsburg and West Virginia Gas Company is giving its venture on the John A. Scranage farm a test in the Big Injun. A light show of oil was developed in that formation and they decided to give it a test before drilling deeper. The Hope Natural Gas Company's No. 3 on the H. H. Hively farm, located on Arnold run, Central district, Doddridge county, is showing for a five barrel pumper in the Big Injun sand.

On Long run, Central district, Doddridge county, the Sun Gas Company's No. two on the Dotson McKim farm is a light gasser in the Big Injun sand. On Short run, Center-ville district, Tyler county, the Carnegie Natural Gas Company's test on the J. B. Mason farm is a light gasser in the Big Injun sand.

In Centerville district, Tyler county, the Carnegie Natural Gas Company drilled No. four on the Exline-Duty farm through the Big Injun sand. It is a light gasser. On Fishing creek, Green district, Wetzel county, the Hope Natural Gas Company's No. 3 on the Martinville Bank's property is a fair gasser in the Big Injun sand. On Days run, Clay district Monongalia county, the Day Brook Oil and Gas Company drilled a second test on the D. L. Wade farm through the Gordon sand and it shows for a light pumper.

The Hope Natural Gas Company's test on the J. R. Shreve farm located

The Knock-Out

Clarksburgers are now enjoying the use of the WHEELER SCREEN, to guard against the greatest menace to health, the House Fly. No other screen keeps them out so well, none so cheap and none that will lock except the Wheeler. Ask your neighbor what she thinks of them.

on Fish creek, Grant district, is a fair gasser in the Gordon sand. On Leaf-bank creek, Center district, Calhoun county, G. L. Cabot has the rig completed for a test on the H. H. Givens farm. On Bull river, Sherman district, in the same county, G. L. Cabot is starting a test on the York heirs' farm.	Coriscana, light 1.55
Tests in Marion County.	Coriscana, heavy80
On Bartholomew run, Mannington district, Marion county, Heckman and Huffman are building the rig for a test on the Alfred Kendall farm. On the same stream and in the same district, the Clayton Oil Company is starting a second test on the L. E. Feltz farm. On Campells run, the Chalmers Oil and Gas Company is rigging up at a test on the Simon Moore farm. On Fishing creek, Grant district, Wetzel county, the Philadelphia Company is building the rig for a test on the S. E. Fluharty farm.	Electra 1.55
Southeastern Ohio.	Henrietta 1.55
Few completions were reported from the southeastern Ohio fields. In the Junction City district, Jackson township, Perry county, the Carter Oil Company completed and shot its test on the D. J. McGonagle farm in the Clinton sand. The first twenty-four hours after it was shot it produced forty-eight barrels. In the same district the Twin Bridge Oil and Gas Company has drilled No. 3 on the A. Thomas farm thirty-three feet into the Clinton sand and it shows for a very good producer.	Thrall 1.55
In the shallow sand territory, Trail Run district, Jackson township, Monroe county, the Doyle Oil Company's No. 4 on the John Horley farm has been completed in the Keener sand and shows for a light pumper. In the same district the Carter Oil Company is drilling No. 13 on the H. R. Rudolph farm. In the New Matamoras district, the Dowell Realty Company is starting a second test on the Nathan Pryor farm. In the same locality, Taylor and Dye are drilling another test on the Hully farm.	Moran 1.55
Near Dunn's station, Morris township, Washington county, Pa., the Arco Oil Company has now drilled a second test on the J. S. Watson farm through the Fourth sand. It is a gasser with an estimated capacity of 1,500,000 cubic feet a day. The fact that this well failed to find production was a disappointment. The first well was completed on the farm during the early part of the year and came in a good producer.	Strawn 1.55

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-sified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Extensive deposits of asbestos with a longer fiber than any mineral heretofore known have been discovered in the Transvaal.

SALLOW SKIN

is one of the greatest foes of womanly beauty. It is quickly cleared by correcting the cause—sluggish liver—with the aid of the gently stimulating, safe and dependable remedy—
